

Application Form

In our foundation unit we offer children a variety of stimulating activities and experiences to encourage learning through play. We increase their knowledge and skills through the teaching of the Early Years Foundation Stage curriculum expanding the children's interests. We have discrete teaching sessions as well as child initiated times. Children experience 'dough disco' to develop gross motor and fine motor skills to prepare for early writing.

We have a spacious outdoor play area with a wide selection of equipment for the children to access and use independently with support from an adult or with friends.

In this caring, sharing environment of foundation, children learn to mix with others of their own age, to share and play co-operatively. They start to become independent of home, whilst in the professional care of the foundation staff.
